

Regional Development Australia

Declaration on Ethical Conduct

As provided in the Regional Development Australia Code of Conduct and Ethics, I undertake that:

1. I will ensure that all information I obtain as a member of the RDA Committee is treated on a strictly confidential basis, and I will not release that information unless the provider and either the NSW or Australian Government has given their express permission to release that information;
2. If the RDA Committee considers that I or a member of my family has a material or beneficial interest, or could be seen as having such a material or beneficial interest, in any matter being discussed by the Committee, I will disclose that interest to the Committee and abstain from any discussion or vote on that matter; and
3. If I am aware that I may have or be perceived to have a conflict of interest on any matter being discussed by the RDA Committee before that discussion occurs, I will inform the Chair of the RDA Committee in writing, and will only be present for discussion on that issue if the committee so resolves.
